	Meeting	Notes
Date: 11/1 Duration: 10 Minutes	Team Formation and Logistics	Made plans to read documentation for project and come up with plan on how to handle it. Everybody is responsible for reading the project handout by wednesday
Date: 11/3 Duration: 30 mins	Work Distribution and Working Meeting	In this meeting we split the programing into a couple different parts and began coding
Date: 11/5 Duration: 10 Minutes	Talked about what else needed to get implemented	Bug fixes for local track, playback features, velocity controls
Date: 11/7 Duration: 10 Minutes	Meeting to go over finishing touches	In this meeting we went over the full project and divided the rest of the issues that needed to be solved to people who wanted to or felt like they should contribute more. Mostly did work for the local movement and for playback features.
